

An ISO 9001:2015 Certified and ITAR Registered Company

FACILITY EQUIPMENT LIST

CNC Horizontal

Okuma MB5000 (2) – 15,000 RPM, 4 Axis, 30"x30"x30" Travel, 1000 PSI Through Spindle Coolant, 218 Tool Matrix. Both machines are paired to a 24-pallet Okuma Palletace system

Vertical CNC-Milling

Okuma Genos M560-V – 15,000 RPM 41"x22"x18" Travel, 4th axis, 1000PSI Through Spindle Coolant, Renshaw probing

Haas VF-2SS (2) – 12,000 RPM, 30"x16"x20" Axis Travels

Haas VF-3 – 10,000 RPM, 40"x20"x25" Axis Travels

Haas VF-4 – 10,000 RPM, 50"x20"x25" Axis Travels

CNC-Lathe

Okuma Genos L300-MYW (2) — Bar Loader, Parts Catcher Sub Spindle, Live Tooling, Y Axis, Max Turning Dia. 16inches

Okuma Crown (1) – 2 Axis with Programmable Tail Stock Max Turning Dia 11inches

Vertical Lathe

Okuma V920EX – 36 inch Kitagowa Chuck, 2 Axis, max turning dia. 36.22", Max cutting Length 33.8 inches

Wire EDM

Sodick A280 Wire EDM 4 axis 0.01" wire

SAW Cutting

Mastercut CNC Saw, 12 inch cutting capacity

Hydmech Saw S20, 14 inch cutting capacity

Quality

Hexagon Global S Green 7.10.7 CMM with articulating head, full profiling probe, auto stylus changer
700mmx1000mmx660mm(27.56x39.37x25.98") measuring range

Full Inspection Department including; Micrometers to 12", Trimos electronic height gauge, multiple surface plates, thread gauges, pin gages, inside micrometers, microscopes
